

## **CTL®Chromebook NL71TW**

Do you need a versatile, efficient device at an affordable price? The CTL®Chromebook NL71TW delivers fast, smooth performance matching that of more-expensive machines. As such, IT managers will find that it can reduce costs in many ways.

### **Fast, Smooth Performance**

The NL71TW's fast, smooth performance means more time for getting work done. You can quickly load content-rich webpages, watch videos with brilliant playback, run graphic-intensive scientific simulations, and multitask effortlessly. Because it works with Chromecast, you can easily stream media from your Chromebook to a TV.

### **Versatility of Function**

With the integrated Google G Suite, you possess the tools to create and collaborate virtually on presentations, reports, and spreadsheets. You can access and share your work anywhere via Google Drive, and it's always backed up.

### **Main Features**

- 11.6" durable, scratch-resistant LCD Corning® Gorilla Glass® touch screen with 10-point multi-touch
- The latest Intel Quad-Core 4120 Processor
- Gigabit Wireless
- The sturdy 360-degree hinge allows smooth rotation to and from laptop, tent, and tablet modes, all with perfect stability.
- A world-facing HD camera and a front-facing FHD camera make video chatting and recording/editing videos simple.
- Drop-resistant design
- Water-resistant keyboard
- Reinforced ports, hinges, and power plug
- USB-C charging and up to 24 hours of battery life
- An included Wacom® EMR pen makes it easy to jot down notes, create unique designs, and operate the device accurately and intuitively.

### **Hassle-Free Setup**

Right out of the box, the CTL® Chromebook NL71TW is hassle-free. You can be up and running quickly, and once you log in, you get all your personalized apps, settings, and bookmarks.

## **The Right Tool for You and Your Workforce**

The affordable CTL® Chromebook NL71TW is not only an efficient, user-friendly tool. Because of its affordability and performance, it can also dramatically reduce deployment, management, security, and maintenance costs for a business.

SOURCES USED: (from client)

The CTL Chromebook NL71TW features Wacom® EMR pen technology, Intel's latest Quad-core processor, and Gigabit wireless. You can easily jot down notes, create one-of-a-kind designs, or operate the Chromebook with intuitive and accurate control using the included Wacom® EMR pen. The NL71TW features a sturdy 360-degree hinge, which allows the unit to be rotated from laptop mode to tent-display to tablet with smooth and stable performance. The 11.6" LCD Corning® Gorilla® Glass touch-screen is scratch-resistant, durable, and has a 10-point multi-touch. One HD and One FHD cameras on the unit allow for a world-view recording or video chatting view. The NL71TW features our drop-resistant design, water-resistant keyboard, and reinforced ports, hinges, and power plug. With long battery life and USB-C charging, this unit lasts from an entire day.

### **Hassle-Free**

The CTL® Chromebook NL71TW is hassle-free right out of the box—you can get up and running quickly. You get your personalized apps, settings, and bookmarks when you log-in. It works with Chromecast so you can easily stream media from your Chromebook to a TV.

### **Built-in Applications**

Integrated Google G-suite gives you the tools to create and collaborate virtually on presentations, reports, and spreadsheets. You can access and share your work anywhere via Google Drive\*, and it's always backed up.

## Fast, Smooth Performance

Two HD cameras. One world facing HD camera and one front-facing FHD camera for video chatting or recording and editing videos.

The CTL Chromebook NL71TW delivers fast, smooth performance and incorporates Intel's latest Quad-core Intel 4120 processors.—which means more time for getting work done.

You can load content-rich webpages quickly, watch videos with brilliant playback, run graphic-intensive scientific simulations, and multitask effortlessly.

In addition to being an affordable device to purchase, the CTL Chromebook NL71TW can dramatically reduce deployment, management, security, and maintenance costs.
