

Welcome, and thank you for visiting Sharp Lawn Care, serving residents of the Sioux City, IA and Sioux Falls, SD areas!

As an industry leader with over 15 years of experience in the field, we are here to deliver expert, quality care for your lawn's every need. Our many services in the Sioux City region include the following:

- Lawn seeding, mowing, fertilization, and aeration to grow and maintain thick, healthy grass that not only looks great but also is the best defense against weeds, harmful insects, and damage-causing fungi.
- Pruning and fertilization of ornamental trees and shrubs to keep them healthy and beautiful. Selective pruning of trees can also prevent structural damage and physical harm.
- Pre-emergent herbicide treatments to prevent weeds such as crabgrass from ever taking hold.
- Post-emergent herbicide treatments to eradicate weeds that pre-emergents can't prevent and which appear later.
- Eco-friendly whole-yard and home perimeter pesticide treatments to keep your yard, your home, and your family safe.
- Eco-friendly mosquito control so you can enjoy your time outside and be protected from dangerous diseases like the West Nile and Zika viruses.
- Landscape installation and maintenance to beautify your property, increase your enjoyment of it, and add to its value.
- Snow removal to keep driveways and walkways safe.
- And more!

Because we recognize that no two lawns are the same, we have different packages tailored to individual budgets and needs. Additionally, many services are available as add-ons so that we can create a customized plan with you whether your main goal is a dreamscape, simply routine maintenance, or something in between.

One of the most important things we provide is value, and we do that in a number of ways:

- You only pay for what you need. With Sharp Lawn Care, it's not like buying a car and having to pay for features you don't want just because they are part of a package.
- We provide all the equipment and materials; you don't have to buy a single thing for the services we perform.
- A set schedule and an auto-renewal option mean that the care we provide is reliable and uninterrupted.
- You'll receive top-quality service from experienced, trained professionals who will get everything right. You don't have to worry about costly mistakes.
- You also don't have to worry about insect pests like termites that can cause structural damage resulting in repairs costing you thousands of dollars.

- Insect pests that are at best nuisances and at worst can transmit dangerous or deadly diseases are another thing you get to stop worrying about.
- A lot of lawn-care tasks are dirty, sweaty, and sometimes even dangerous. We take care of all of those things for you.
- Chemicals used in pest and weed control can be dangerous to use, store, and dispose of, and that's something else we completely take care of for you.
- We provide extras many other companies don't such as picking up trash even if it's not from us, removing obstacles on our own instead of requiring you to do that, and generally leaving a property looking better than it did when we arrived.
- Well-kept lawns reduce tensions with neighbors and also create an incentive for them to maintain theirs well.
- When we take care of your lawn, we save you valuable time that you can use for other things, and there's never enough of that. Whether it's work or leisure you want more time for, we help you get that.
- The attention to detail in lawn and landscaping maintenance will improve the curb appeal of your home and increase its resale value. The average added value is 6-13% depending on size, location, and other factors. A nice exterior makes it more likely someone will want to see the interior.
- Finally, you'll probably find yourself happier. Studies by the National Association of Realtors have found that on average, people with great-looking lawns tend to be happier and to enjoy time spent at home and in their yards more than people without them do.

Our expertise, our willingness to go the extra mile, and the great pride we take in what we do set us apart from others in the field. With our clientele always growing, we are able to spread costs and keep services affordable without compromising on quality and safety. Check out [reviews](#) by some of our many happy customers!

If you'd like to get a free quote, you can call us at 712-253-8024, or you can fill out our simple, easy-to-use [online form](#). We're looking forward to helping beautify and protect your home and lawn!
