Metadata: Clover Station is a full-service POS system. Upgrade your business with a Clover Station from National Payment Processing.

Meet the Clover Station

The Clover Station is a modern POS system that will upgrade your business. Featuring a robust cloud-based platform that operates on Android, Clover is the perfect point-of-sale tool for many industries. From traditional retail stores and full-service restaurants to mobile vendors and pop-up establishments, Clover offers a seamless POS experience for both customers and staff.

Clover offers powerful scalability that is ready to grow with your business. Start with the tools and apps you need today, then upgrade your features as your business develops.

Clover's features are designed to meet your business's day-to-day needs. The platform goes beyond POS and offers a full suite of vital functions that are needed by every business. You can manage inventory, payroll, scheduling, and many other daily tasks through the Clover Station. Additionally, Clover is compatible with your industry's specialized tools and software, such as kitchen printers or barcode scanner.

National Payment Processing offers five Clover models, so there is a Clover Station or a combination that meets your unique needs. Learn about the Clover Station, the largest available model, in this article.

What's Included with your Clover Station?

The Clover Station offers many accessories to meet your needs. Some accessories are included while others are offered as add-ons to your system.

- **Cash drawer.** Keep funds safe and secure with the Clover Station's integrated cash drawer.
- **Receipt printer**. It's easy to give customers a receipt for their purchase through the Clover Station's printer.
- **Barcode scanner**. Stay on top of inventory and guarantee accurate transactions with a barcode scanner.
- **Specialized restaurant equipment**. Bring your kitchen into the cloud with Clover Station's kitchen printers, weight scales, and order display screens.
- **Credit and debit card readers**. Offer your customers a convenient and secure payment experience with modern, chip-enabled card readers.
- **Mobile payment readers for Google Wallet, Apple Pay, and more**. Accept a wide range of modern payment sources using Clover Station's mobile payment readers.
- **Basic apps to streamline your business**. Clover's cloud-based platform offers apps to make management smoother, including inventory, employee management, and product/service set-up.
- **Additional, industry-specific features**. Download a vast selection of free and paid apps from the Clover App Store to meet your industry's special needs.

The Clover Station's Features

The Clover Station offers many modern features to enhance your POS experience.

- 11.6" touchscreen with stunning display, perfect for a countertop POS station.
- Match any decor with an aluminum body and modern white glass accents.
- Built-in high-resolution camera capable of scanning QR codes and barcodes.
- Maintain maximum security and reliability with an encrypted side swiper.
- A single power source that allows you to cut cords and streamline your countertops.
- Ethernet, WiFi, and Bluetooth connectivity options to work with your existing utilities.
- Add accessories using 4 built-in USB ports.
- Reclaim your counter from scanners, printers, terminals, and more when you move to the Clover Station's all-in-one setup.
