How many ways can you enjoy ramen? At Susuru, we aim to offer as many delicious, unique recipes as possible!

Each one is crafted to maximize flavours, tantalize the taste buds, and leave your belly full and happy.

We start with the ideal broth, be it chicken, pork, seafood, shiitake, or veggie based.

Then, we choose a protein, such as chashu pork, karaage, or truffles. We select the best, most succulent vegetables to complement: zesty shallots, charred corn, or roasted radishes.

We infuse the blend with a savoury oil, such as the spicy Chili Sesame Oil or our famous Black Garlic and Chicken Oil.

If we're feeling fancy (and we usually are), we'll top it all off with some nori, menma, or bean sprouts.

Get your perfect blend delivered straight from our kitchen to your door — hot, delicious, and ready to fill your belly.

Don't forget to order some equally eclectic gyoza, from Chili Chicken to Wagyu Cheese to Ponzu Prawn! Complete with unforgettable dipping sauces, our gyoza are the type you crave.

Fuel your addiction — and your soul — by ordering delivery from Susuru.

We also have gluten-free, pescatarian, and vegan options, as well as other East Asian favourites such as edamame, kimchi, and lotus chips!

Delivery is just a click away!
